

From The Engineers Of The Bommer Industries New Product Development Team.

Since its establishment in 1876, the Bommer Industries New Product

Development team has maintained a reputation for integrity and innovation.

The New Product Development team continues to look forward to the future, demonstrating a commitment to technology and the pursuit of quality products worthy of the Bommer Brand.

Introducing Another Product From Bommer Industries. The Original Standard Of Excellence For More Than 125 Years.™

Bommer's 7800 Series Pivots Now Offer More Features – More Possibilities.

New and Improved: Our 7800 series pivots now include a Non-Hold Open and Heavy Duty Non-Hold Open design – and both are available in all of our standard finishes.

The Non-Hold Open pivot has the same performance criteria as our standard 7811/7812 series. It will carry a door size from 1 3/8" – 1 3/4" and 90lbs. Model# 7813 is with the Floor Plate; model# 7814 is with the Jamb Bracket.

The Heavy Duty version will carry a door size from 1 3/8" – 1 3/4" and up to 150 lbs. This product has been cycle tested to 500,000 cycles, which is 5 time the grade 3 standard. Model # 7813HD is with the Floor Plate; model # 7814HD is with the Jamb Bracket.

Call us at **(800) 334-1654** for pricing information.

The Bommer Industries logo reflects over 125 years of quality and innovation in the USA. As the leader in our industry, we continually explore new ways to make the best even better. For more information, visit our web site at www.Bommer.com
